

### Maths:

We are going to be learning about:

- Length and height
- Multiplication and division

### Design Technology

This half term, we will be learning about mechanisms to make our very own toy cars. We will be learning about:

- Triangle joins, wheels and axles.
- How to use a saw safely.
- What makes an effective design.

### Computing:

We will become data explorers.

For online safety we will be learning about health.

### PSHEE:

In PSHEE we will be learning about being ourselves and being unique.

### English:

We will be using Jane Considine scheme of work and looking at the following units:

- The way back home – fiction
- Bold women in black history – non-fiction

## **Spring Two Robins Class**

### RE:

In RE we will be learning how and why Jewish people, Christians and Muslims celebrate special and sacred times.

### PE:

With the PE coach, we will be practising fencing and tag rugby.

### Science

This half term we are going to be learning about everyday materials:

- To identify different materials and their uses.
- To understand how to select appropriate materials.
- To understand that materials can change shape by twisting, bending, squashing or stretching
- To test materials for different purposes.

### History

We will be learning about the history of our school:

- When was it built?
- What was it like?
- What are the similarities and differences to schools now and in the past?

### Music:

In music we will be practising call and response.
